Journal of Higher Education

THE MAGAZINE FOR
 LEADERS IN COLLEGIATE
 EDUCATION

Subscription \$3 a year

OHIO STATE

For the past fifteen years the Journal has been recognized as the leading magazine devoted to matters pertaining to the different areas of higher education. The contents of each issue are varied. The prospectus for the year's issues contains discursive articles, reports of research, and criticisms of current practices. We believe that professors and administrative officers, when once subscribers to the Journal, will find it so satisfying that they will not wish to be without it.
